

Nhat Tien Phat Cao

Software Developer

Email: ncaovncountry@gmail.com • Phone number: 0435291389 • GitHub: github.com/bocongamco

Profile

I'm a Freshly Graduate Bachelor of Information and Technology student at Monash University, I have a strong work ethic and thrive under pressure with good analytical and programming skills to deliver high-quality work on time. As I prepare to enter the field, im excited to apply my skills and knowledge to professional settings to grow as a Software Developer continually

Experience

Monash Health

Industry Experience Project

Monash University

Feb 2023 - May 2023

- Collaborated effectively with a team of developers, designers, and project managers to deliver the project on time.
- Using Agile Methodology to manage the projects effectively and ensure continuous delivery.
- Analyzed clients' requirements and successfully delivered customised systems to meet their needs.
- Proficient in GIT version control, and effectively managing code repository.
- Using the CakePHP framework, JS, HTML, CSS, and Bootstrap to develop web applications and enhance functionality and user experience.
- Maintained accurate documentation of project deliverables and supported ongoing system.

My Message

Software Developer

Melbourne, VIC

October 2022 – December 2022

- Designed and developed a user-friendly messaging application for iOS application using Swift, providing a seamless navigation experience through the intuitive user interface and smooth transitions between screens.
- Implemented real-time messaging and image-sharing features using Firebase Firestore and Firebase Storage.
- Conduct testing and debugging to ensure the stability and reliability of the message application, resolve issues and implement error handling mechanisms to enhance user experience

Education

Monash University
