Profile

I'm a passionate software developer and recent graduate of Monash University with a Bachelor's Degree in Information Technology. I am excited to further my career as a software developer in the industry, and believe that my programming skills, strong work ethic and ability to thrive under pressure will enable me to contribute meaningfully and create solutions.

Experience

Monash Health   Monash University
Industry Experience Project   *Feb 2023 - May 2023*

- Collaborated effectively with a team of developers, designers, and project managers to deliver a content management system for the client.
- Used Agile methodology to manage the project, ensuring continuous delivery with a minimum viable product.
- Analyzed client's requirements and successfully delivered a customized system to fulfill their needs.
- Proficient in GIT version control, with effective management of code repository.
- Using the CakePHP framework, Javascript, HTML, CSS, and Bootstrap for web application development.
- Maintained robust documentation of project deliverables to support an ongoing system.

My Message   Monash University
Monash iOS Development Project   *Oct 2022 – Dec 2022*

- Designed and developed a user-friendly messaging application for iOS using Swift, providing a seamless navigation experience through the intuitive user interface and smooth transitions between screens.
- Implemented real time messaging and image sharing features using Firebase Firestore and Firebase Storage.
- Conducted testing and debugging to ensure the stability and reliability of the message application, resolving issues and implementing error handling mechanisms to enhance user experience.

Education

Monash University   *2021 - 2023*
Bachelor of Information and Technology (Software Development)
Minor in Game Development

- Heavy focus on full stack development with both front and back-end development

Monash College   *2019-2021*
Diploma of Information and Technology

- Emphasis on programming fundamentals and algorithm**s**

Key Skills

- ➢ Teamwork/Leadership
- ➢ Git Versions Control
- ➢ Strong adaptability
- ➢ Agile Methodology
- ➢ Problem Solving
- ➢ Native Vietnamese

- ➢ Java
- ➢ PHP
- ➢ HTML/CSS
- ➢ SQL
- ➢ Javascript
- ➢ Swift
